

The following E-News was mailed to the HSF news subscribers in place of the April HSF News Brief.

**Subject: April E-News from the Hidradenitis Suppurativa Foundation, Inc.**

**Date: April 10, 2006**

Dear Valued Friends of the Hidradenitis Suppurativa Foundation,

#### **The Ascendancy of a Global Research Alliance**

Over 25 doctors attended "Directions 2006," the First International Hidradenitis Suppurativa (HS) Research Symposium held in Dessau, Germany from March 30 to April 2, 2006. This landmark symposium was hosted by the Hidradenitis Suppurativa Foundation Inc. (HSF), the Dessau Medical Center, and co-organized and supported by the EADV Task Force on Acne and Rosacea.

To read more please visit: <http://hs-foundation.org/international/international.htm>

#### **Our Mission and Vision**

The Hidradenitis Suppurativa Foundation, Inc. (HSF) is a 501(c)(3) nonprofit public charity incorporated in the State of California. The HSF was founded for the sole purpose of funding efforts to dissect the molecular and cellular causes of Hidradenitis Suppurativa (HS, also known as Acne Inversa), and to improve the quality of life for patients with this common, debilitating, and eminently chronic skin disease.

#### **The HSF needs your help**

Together, with your help, we are making a difference in the lives of those who suffer from HS. The continued generosity of our donors from around the globe is vital as we search for the cause and cure, help people with HS, and invest in the health of future generations. Please visit this page to learn more about how your contribution can help improve the quality of life and quality of care for those with this disease:
